Section 1 – Introduction

This directory provides a list of CCA Senior Care Options network providers.

You will have to choose one of our network providers who are listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP.

Each CCA Senior Care Options member is required to have a PCP from our network. The PCP that you select may be a licensed primary care physician, a nurse practitioner, or a physician assistant. During the enrollment process, an onboarding specialist will work with you to select a PCP. Our plan contracts with PCPs who know your community and who have developed working relationships with specialists, hospitals, community-based providers, and skilled nursing facilities.

Your PCP and your care team are responsible for coordinating all your medical care. Your care team may include your care partner, and/or a geriatric support services coordinator (GSSC), and others. "Coordinating" your services includes checking with you and your providers about your care and how it is going. Prior authorization (approval in advance) is required for certain services. Your care team work to arrange for these services when needed. For a complete list of services that require prior authorization, please see Chapter 4 of your Evidence of Coverage. For more information, please call Member Services at the number listed on the front cover of this booklet.

The network providers listed in this directory have agreed to provide you with your health care, vision, and dental services. You may go to any of our network providers listed in this directory; however, some services may require prior authorization. If you have been going to one network provider, you are not required to continue going to that same provider. Other providers are available in our network.

You generally must receive your care from a network provider. In most cases, care you receive from an out-of-network provider will not be covered. Here are the exceptions:

- The plan covers emergency care or urgently needed care that you get from an out-of-network provider. When in the service area, you must use network providers for urgent care. When out of the service area, urgent care may be obtained from the first available provider. For more information about this, and to see what emergency or urgently needed care means, see Chapter 3 of your Evidence of Coverage (EOC).

- If you need medical care that Medicare or MassHealth (Medicaid) requires our plan to cover and the providers in our network cannot provide this care, you can get this care from an out-of-network provider. The plan must authorize care you receive from an out-of-network provider before you seek care. Your care team works closely with the plan to arrange for these services when necessary. In this situation, we will cover these authorized services at no cost to you.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area.
- The plan covers out-of-network care in unusual circumstances. You must receive authorization prior to seeking this care. In such a situation, we will cover these services at no cost to you. Some examples of unusual circumstances which may lead to out-of-network care are the following:
    - You have a unique medical condition and the services are not available from network providers.
    - Services are available in network but are not available timely as warranted by your medical condition.
    - You need to obtain a second opinion from an out-of-network provider. Your PCP/care team will help you to arrange to receive a second opinion services from an out-of-network provider.
    - Your PCP/care team determines that an out-of-network provider can best provide the service.

If you receive a bill from an out-of-network provider, please submit it to our plan to request payment. Please send the bill to: Commonwealth Care Alliance, Member Services Department, 30 Winter Street, Boston, MA 02108, or fax to 617-426-1311.

CCA Senior Care Options (HMO D-SNP)
2022 Pharmacy Directory

This pharmacy directory was updated on 10/01/2021. For more recent information or other questions, please contact Commonwealth Care Alliance (CCA) Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week, from October 1 to March 31. (April 1 to September 30: 8 am to 8 pm, Monday to Friday, and 8 am to 6 pm, Saturday and Sunday.) Or, visit www.ccama.org/sco.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at visit www.ccama.org/sco. You may also call Member Services at 866-610-2273 (TTY 711) for updated information.

Introduction: This booklet provides a list of CCA Senior Care Options network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and the CCA Senior Care Options formulary (List of Covered Drugs/Drug List).

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under CCA Senior Care Options only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 10/01/2021. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for Middlesex County which includes the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our Plan. For information on more pharmacies in our plan network not listed in this directory, please call Member Services at 866-610-2273 (TTY 711).

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

The pharmacies listed in this directory are separated by type: Home Infusion, Long-Term Care, Mail Order, and Retail and Chain Pharmacies. All pharmacies in each section are listed by city/town and then in alphabetical order.

Residents of a long-term care facility, such as a nursing home, may access their prescription drugs covered under Commonwealth Care Alliance through the facility's pharmacy or another network pharmacy.
