A. Disclaimers

- CCA One Care (HMO D-SNP) is a Dual Special Needs Plan (D-SNP) that contracts with both Medicare and MassHealth (Medicaid) to provide benefits of both programs to enrollees. Enrollment in the plan depends on the plan's contract renewal with Medicare.
- **Estate Recovery Awareness:** MassHealth is required by federal law to recover money from the estates of certain MassHealth members who are age 55 years or older, and who are any age and are receiving long-term care in a nursing home or other medical institution. For more information about MassHealth estate recovery, please visit www.mass.gov/estaterecovery.
- When this document says "we," "us," or "our," it means Commonwealth Care Alliance® (CCA). When it says "plan" or "our plan," it means CCA One Care.
- The pharmacy network and/or provider network may change at any time. You will receive notice when necessary.
- This Directory lists health care professionals (such as doctors, nurse practitioners, and psychologists) and facilities (such as hospitals or clinics). This Directory also lists Long-term Services and Supports (LTSS) providers (such as Adult Day Health and Home Health providers) that you may use as a CCA One Care member. We also list the pharmacies that you may use to get your drugs.
- These are referred to as "network providers" in this Directory. These providers signed a contract with us to provide you services. This is a list of CCA One

  - Our plan does not require referrals.
- Doctors and other health care professionals in CCA One Care's network are listed in **Section C**. Pharmacies in our network are listed in **Section F**.
- You can use the Index following each Directory to find the page where a provider or pharmacy is listed.

B. Background Information about CCA One Care's Network Providers

B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, drugs, equipment, and other services.
    - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a CCA One Care member.
    - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a licensed primary care physician, nurse practitioner, physician assistant, or a women's health specialist who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **prior authorization** for a specialist or someone that isn't your PCP. A **prior authorization** is different than a referral. It means that **CCA One Care**, not your network PCP, must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, CCA One Care may not cover the service, item, or drug.
  - Referrals or prior authorization **aren't** needed for:
    - emergency care;
    - urgently needed care;
    - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area;
    - services from an in-network women's health specialist; or
    - in-network preventative services.
  - More information on referrals and prior authorization is available in **Chapter 3** of the *Member Handbook*.
- You'll also be assigned a care coordinator to help you arrange the services you need by working with you to build a care plan that details your goals. Call Member Services at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week, for more information about your care coordinator and care team. You have the right to choose who is on your care team, including family, friends or other community support, who will work with CCA staff to make sure your care is coordinated. To add someone to your care team, you can tell your CCA care coordinator or call Member Services. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with

the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:

- A **care coordinator** that helps you manage your medical providers and services. Your care coordinator works with you, the health plan, and your care team to make sure you get the care you need.
- Your **Primary Care Provider.**
- A Long-term Supports (LTS) Coordinator to help you find and access support services available to you in the community. Most of these services help you stay in your home, so you don't have to go to a nursing facility or hospital. LTSS include Community-Based Services and Nursing Facilities (NF). Both the Care Coordinator and LTS Coordinator can work as a part of your Care Team to make sure you get the care you need.

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

- We must provide you with access to primary care and behavioral health services within the following timeframes: immediately for urgently needed services or an emergency;
- within seven days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

- To choose a PCP, refer to the list of providers in **Section C** and choose a provider:
  - that you use now, **or**
  - who has been recommended by someone you trust, **or**
  - whose offices are easy for you to get to.
- If you don't choose a PCP in our network, CCA One Care will choose one for you.
- If you want help in choosing a PCP, please call Member Services at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. Or, visit **CommonwealthCareAlliance.org/MA**.
- If you have questions about whether any service or care that you want or need is covered, talk to your care team or call Member Services at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week and ask **before** you get the service or care.

B4. How to access Long-term Services and Supports (LTSS) providers

As a CCA One Care member, you'll be able to get Long-term Services and Supports (LTSS) if you need them, such as personal care, homemaking, a companion, day programs, adult foster care, and transportation, amongst others. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, an LTS Coordinator can help you and your care team determine what options are available to support you in the way you want. You always have the right to have an LTS Coordinator on your care team.

B5. How to access CCA One Care's network providers

You must get all of your covered services from providers within our network. If you use providers who aren't in CCA One Care's network **(without prior authorization), you may have to pay the bill.**

> A **prior authorization** is an approval from CCA One Care to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan for other non-emergency services if CCA One Care gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider. You may change your PCP for any reason. Also, it's
- possible that your PCP might leave our plan's network. In that case, you would have to find a new PCP.
- CCA One Care works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and aren't sure if they offer the accommodations you need, CCA One Care can help you. Talk to you care team for assistance or call Member Services at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week.

C. CCA One Care's List of Network Providers

This part of the Directory includes a list of CCA One Care's network providers who participate in and accept CCA One Care. It contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers;

- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; and
- **Support providers** including Long-term Services and Supports (LTSS) (for example, adult day health) and community support services (for example, peer supports).

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, such as languages spoken (including American Sign Language (ASL)) or completion of cultural competence training.
