B. Background Information about CCA Senior Care Options Network Providers

B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, drugs, equipment, and other services.
  - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a CCA Senior Care Options member.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a licensed primary care physician, nurse practitioner, physician assistant, or a women's health specialist who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **prior authorization** for a specialist or someone that isn't your PCP. A **prior authorization** is different than a referral. It means that **CCA Senior Care Options**, not your network PCP, must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network

provider. If you don't get a referral or prior authorization, CCA Senior Care Options may not cover the service, item, or drug.

- Referrals or prior authorization **aren't** needed for:
  - emergency care;
  - urgently needed care;
  - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area;
  - services from an in-network women's health specialist; or
  - in-network preventative services.
- More information on referrals and prior authorization is available in **Chapter 3** of the *Member Handbook*.

- You'll also be assigned a care coordinator to help you arrange the services you need by working with you to build a care plan that details your goals. Call Member Services at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week, for more information about your care coordinator and care team. You have the right to choose who is on your care team, including family, friends or other community support, who will work with CCA staff to make sure your care is coordinated. To add someone to your care team, you can tell your CCA care coordinator or call Member Services. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:
  - A **care coordinator** that helps you manage your medical providers and services. Your care coordinator works with you, the health plan, and your care team to make sure you get the care you need.
  - A **Geriatric Support Services Coordinator (GSSC)** that helps you coordinate your community long-term care and social support services. The GSSC is based out of your local Aging Services Access Point (ASAP). The ASAPs are listed on pages of this Directory. Both the care

coordinator and GSSC may work as a part of your care team to make sure you get the care you need.

- Your **Primary Care Provider.**

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

- We must provide you with access to primary care and behavioral health services within the following timeframes: immediately for urgently needed services or an emergency;
- within seven days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

- To choose a PCP, refer to the list of providers in **Section C** and choose a provider:
  - that you use now, **or**
  - who has been recommended by someone you trust, **or**
  - whose offices are easy for you to get to.
- If you don't choose a PCP in our network, CCA Senior Care Options will choose one for you.
- If you want help in choosing a PCP, please call Member Services at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. Or, visit **CommonwealthCareAlliance.org/MA**.
- If you have questions about whether any service or care that you want or need is covered, talk to your care team or call Member Services at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week and ask **before** you get the service or care.

B4. How to access Long-term Services and Supports (LTSS) providers

As a CCA Senior Care Options member, you'll be able to get Long-term Services and Supports (LTSS) if you need them, such as personal care, homemaking, a companion, day programs, adult foster care, and transportation, amongst others. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, a Geriatric Support Services Coordinator (GSSC) can help you and your care team determine what options are available to support you in the way you want. You always have the right to have a GSSC on your care team.

B5. How to access CCA Senior Care Options network providers

You must get all of your covered services from providers within our network. If you use providers who aren't in CCA Senior Care Options network **(without prior authorization), you may have to pay the bill.**

> A **prior authorization** is an approval from CCA Senior Care Options to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan for other non-emergency services if CCA Senior Care Options gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider. You may change your PCP for any reason. Also, it's possible that your PCP might leave our plan's network. In that case, you would have to find a new PCP.
- CCA Senior Care Options works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and aren't sure if they offer the accommodations you need, CCA Senior Care Options can help you. Talk to you care team for assistance or call Member Services at 1-866-610-2273 (TTY: 711) Monday

through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week.

C. CCA Senior Care Options List of Network Providers

This part of the Directory includes a list of CCA Senior Care Options network providers who participate in and accept CCA Senior Care Options. It contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers;
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; and
- **Support providers** including Long-term Services and Supports (LTSS) (for example, adult day health) and community support services (for example, peer supports).

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, such as languages spoken (including American Sign Language (ASL)) or completion of cultural competence training.
