B. Providers

B1. Key terms

This section explains key terms you'll see in our **Provider Directory**.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical and behavioral health services, medical equipment, and LTSS.
 - Providers that are part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a physician, a nurse practitioner, a physician assistant, or women's health specialist who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need **prior authorization** to see a specialist or someone that is not your PCP. **Prior authorization** means that Commonwealth Care Alliance must give you approval before we will provide coverage for a specific service, item, or drug or out-of-network provider. Your care team works to arrange for these services when needed. If you don't get prior authorization, CCA One Care may not cover the service, item, or drug.
 - Prior authorization is not needed for:
 - Emergency care;

- Urgently needed care;
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area;
- Services from a women's health specialist; or
- Preventive services.
- Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on prior authorization is available in Chapter 3 of the **Member Handbook**.
- You will have a **Care Team** that you choose. Your **care team** is a group of people that will get to know your needs and work with you to help you create and carry out a care plan. Your care team will talk with you about the services that are right for you. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:
 - A **Care Partner** that helps you manage your medical providers and services. Your care partner works with you, the health plan, and your care team to make sure you get the care you need.
 - Your **Primary Care Provider (PCP)**
 - A **Long-term Supports (LTS) Coordinator** to help you find and access support services available to you in the community. Both the care partner and LTS coordinator can work as a part of your care team to make sure you get the care you need.
 - Others if necessary.

Your care team or Member Services will also help you find other providers of medical, behavioral health, or long-term services and supports if you need to see a specialist or other health care provider. That way, you will get the right provider to help you with your concerns.

If you have questions, please call CCA One Care at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week, from October 1 to March 31. (April 1 to September 30: 8 am to 8 pm, Monday to Friday, and 8 am to 6 pm, Saturday and Sunday.) The call is free. **For more information**, visit www.ccama.org/onecare

B2. Primary Care Provider (PCP)

You can choose any PCP in our network who is accepting new members. First, you will need to choose a primary care provider.

To choose a PCP, go to the list of providers on page 1 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- When you first enroll in CCA One Care, you can keep seeing your current PCP and your other providers for 90 days, or until you and your care team complete a comprehensive assessment of your needs and goals and develop your Individualized Care Plan (ICP). This is called the Continuity of Care (COC) period. After that, if you do not choose a PCP in our network, Commonwealth Care Alliance will choose one for you.
- If you want help in choosing a PCP, please call Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week, from October 1 to March 31. (April 1 to September 30: 8 am to 8 pm, Monday to Friday, and 8 am to 6 pm, Saturday and Sunday.) The call is free. Or, visit www.ccama.org/onecare.
- If you have questions about whether any service or care that you want or need is covered, talk to your care team or call Member Services and ask **before** you get the service or care.

B3. Long-term services and supports (LTSS)

As a CCA One Care member, you will be able to get long-term services and supports (LTSS) if you need them, such as personal care, homemaking, companion, day programs, adult foster care, and transportation, amongst others. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, an LTS coordinator can help you and your care team determine what options are available to support you in the way you want. You always have the right to have an LTS Coordinator on your care team.

In order to get long-term services and supports, you will need prior authorization from Commonwealth Care Alliance. Please see the Benefit Chart in Chapter 4 of your Member Handbook, for more information on covered services and prior authorization requirements.

B4. How to identify providers in the CCA One Care network

You must get all of your covered services from providers within our network. These providers have an agreement to work with us and provide you services. If you go to providers who are not in the CCA One Care network **(without prior authorization or approval from us), you will have to pay the bill.**

A **prior authorization** is an approval from Commonwealth Care Alliance before you can get a specific service, drug, or see an out-of-network provider. Commonwealth Care Alliance may not cover the service or drug if you don't get approval.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Commonwealth Care Alliance gives you permission first. Also, when you first enroll in CCA One Care, you can keep seeing your current providers for 90 days, or until you and your care team complete a comprehensive assessment of your needs and goals and develop your Individualized Care Plan (ICP). This is called the Continuity of Care (COC) period.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. You may change your PCP for any reason. Also, it's possible that your PCP might leave our plan's network. In that case, you would have to find a new PCP.
- Commonwealth Care Alliance works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide. If you need to see a provider and are not sure if they offer the accommodations you need, Commonwealth Care Alliance can help you. Talk to your care team or care partner for assistance.

B5. How to find CCA One Care providers in your area

You can find providers in your area by looking up your county, city or town in the list of the type of providers you are looking for. You can find a provider by type by looking in the Table of Contents that is listed in the next section. You may also find a provider alphabetically by name by looking in the Index at the end of the directory. If you need assistance finding a provider, call Member Services at 866-610-2273 (TTY 711).

If you have questions, please call CCA One Care at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week, from October 1 to March 31. (April 1 to September 30: 8 am to 8 pm, Monday to Friday, and 8 am to 6 pm, Saturday and Sunday.) The call is free. **For more information**, visit www.ccama.org/onecare

B6. List of network providers

This Directory of the CCA One Care network providers contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers;
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; and
- **Support providers** including long-term services and supports (LTSS) (e.g., adult day health) and community support services (e.g., peer supports or home delivered meals).

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are also listed in alphabetical order by last name in the Index. C1. How to identify pharmacies in the CCA One Care network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail-order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents on long-term care facilities, such as nursing homes.

You are not required to continue going to the same pharmacy to fill your prescriptions.

C2. Long-term supplies of prescriptions

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.

CCA One Care Network Pharmacies

The pharmacies listed in this directory are separated by type: Home Infusion, Long-Term Care, and Retail and Chain Pharmacies. All pharmacies in each section are listed by city/town and then in alphabetical order.

If you need assistance finding a pharmacy, call Member Services at 866-610-2273 (TTY 711).
