B. Preguntas frecuentes (FAQ)

En este documento encontrará las respuestas a las preguntas que tenga sobre esta Lista de medicamentos cubiertos. Para obtener más información o para buscar una pregunta y su respuesta, puede leer todas las preguntas frecuentes.

B1. ¿Qué medicamentos con receta aparecen en la *Lista de medicamentos cubiertos*? (Para abreviarla, denominamos a la *Lista de medicamentos cubiertos* “*Lista de medicamentos*”).

Los medicamentos que aparecen en la *Lista de medicamentos cubiertos* en la sección D son los medicamentos cubiertos por CCA One Care. Estos medicamentos están disponibles en las farmacias dentro de nuestra red. Una farmacia pertenece a nuestra red si tenemos un acuerdo con ella para que trabaje con nosotros y le proporcione servicios. Nos referimos a estas farmacias como “farmacias de la red”.

- CCA One Care cubrirá todos los medicamentos de la Lista de medicamentos en los siguientes casos:
 - Si su médico u otra persona autorizada a emitir recetas indica que los necesita para sentirse mejor o mantenerse sano.
 - Si CCA One Care acepta que el medicamento es médicamente necesario para usted.
 - Si usted obtiene el medicamento con receta en una farmacia de la red de CCA One Care.
- En algunos casos, debe cumplir una serie de requisitos antes de poder obtener un medicamento (consulte la pregunta B4 a continuación).

También puede consultar una lista actualizada de los medicamentos que cubrimos en nuestro sitio web ccama.org o llamando a Servicios para los Miembros al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana.

B2. ¿Se modifica la Lista de medicamentos en algún momento?

Sí, y CCA One Care debe seguir las normas de Medicare y MassHealth cuando se llevan a cabo los cambios. Podemos agregar o eliminar medicamentos de la Lista de medicamentos durante el año.

También podemos modificar nuestras normas sobre los medicamentos. Por ejemplo, podríamos realizar lo siguiente:

- Decidir solicitar o no solicitar la autorización previa (PA) para un medicamento. (La PA es el permiso que otorga CCA One Care antes de que pueda obtener un medicamento).
- Incorporar o modificar la cantidad de medicamento que puede obtener (lo que se denomina límites de cantidad).
- Incorporar o modificar restricciones de tratamiento escalonado respecto de un medicamento. (El tratamiento escalonado significa que debe probar un medicamento antes de que cubramos otro).

Para obtener más información sobre estas normas de medicamentos, consulte la pregunta B4.

Si tiene preguntas, llame a CCA One Care al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. La llamada es gratuita. **Para obtener más información**, visite ccama.org.

Si toma un medicamento que estaba cubierto al **comienzo** del año, por lo general, no eliminaremos ni modificaremos la cobertura de ese medicamento **durante el resto del año**, a menos que se trate de alguno de los siguientes casos:

- Si aparece en el mercado un medicamento nuevo y más económico que sea igual de eficaz que el medicamento que actualmente aparece en la *Lista de medicamentos*.
- Si nos enteramos de que un medicamento no es seguro.
- Si un medicamento se retira del mercado.

Las preguntas B3 y B6 a continuación incluyen más información sobre lo que sucede cuando se modifica la *Lista de medicamentos*.

- Siempre puede consultar *la Lista de medicamentos* actualizada de CCA One Care en línea en ccama.org.
- Las actualizaciones de la Lista de medicamentos se publican en el sitio web todos los meses.
- También puede llamar a Servicios para los Miembros para consultar la Lista de medicamentos actual al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana.

B3. ¿Qué sucede cuando se modifica la *Lista de medicamentos*?

Algunos cambios de la Lista de medicamentos sucederán **de forma inmediata**. Por ejemplo:

- **Sustituciones por nuevas versiones de medicamentos.** Podemos eliminar inmediatamente los medicamentos de la Lista de medicamentos si los reemplazamos con ciertas versiones de ese medicamento, pero el costo del nuevo medicamento seguirá siendo el mismo.

Cuando agregamos una nueva versión de un medicamento, también podríamos decidir mantener el medicamento de marca o el producto biológico original en la lista, pero modificar sus límites o normas de cobertura.

- Es posible que no le informemos antes de realizar este cambio, pero le enviaremos información sobre el cambio específico que hayamos realizado una vez que ocurra.
- Podemos realizar estos cambios solo si el medicamento que estamos agregando reúne alguna de las siguientes características:
 - Es una nueva versión genérica de un medicamento de marca.
 - Es una determinada versión biosimilar nueva de productos biológicos originales de la Lista de medicamentos (por ejemplo, agregar un biosimilar intercambiable que puede sustituir a un producto biológico original sin una nueva receta).
- Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección B14.

- Usted o su proveedor pueden solicitar una excepción a estos cambios. Le enviaremos un aviso con los pasos que puede seguir para solicitar una excepción. Consulte la pregunta B10 para obtener más información sobre las excepciones.
- **Retiro de un medicamento del mercado.** Si la Food and Drug Administration (FDA) determina que un medicamento que usted toma no es seguro o eficaz, o si el fabricante del medicamento retira un medicamento del mercado, podemos retirarlo inmediatamente de la Lista de medicamentos. Si toma el medicamento, le enviaremos un aviso después de que realicemos el cambio. Su proveedor emitirá una receta para un nuevo medicamento para reemplazar al que se retira del mercado.

Podríamos realizar otros cambios que afecten los medicamentos que usted toma. Le informaremos con anticipación sobre estos otros cambios en la *Lista de medicamentos*. Estos cambios podrían suceder en los siguientes casos:

- La FDA proporciona nuevas instrucciones o hay nuevas pautas clínicas sobre un medicamento.
- Eliminamos un medicamento de marca de la *Lista de medicamentos* cuando agregamos un medicamento genérico que no es nuevo en el mercado.
- Eliminamos un producto biológico original cuando agregamos un biosimilar.
- O bien, cambiamos los límites o las normas de cobertura del medicamento de marca.
- Cuando se produzcan estos cambios, haremos lo siguiente:
 - Le informaremos al menos 30 días antes de realizar el cambio en la Lista de medicamentos.
 - O bien, le avisaremos y le daremos un suministro de 31 días del medicamento después de que solicite un resurtido.

Esto le dará tiempo para consultar con su médico u otra persona autorizada a emitir recetas. Pueden ayudarlo a decidir lo siguiente:

- Si hay un medicamento similar en la *Lista de medicamentos* que pueda tomar en su lugar.
- O bien, si debe solicitar una excepción a estos cambios. Consulte la pregunta B10 para obtener más información sobre las excepciones.

B4. ¿Hay alguna restricción o limitación en la cobertura de los medicamentos, o se debe tomar alguna medida para obtener ciertos medicamentos?

Sí, algunos medicamentos tienen normas de cobertura o tienen límites en la cantidad que puede obtener. En algunos casos, usted, su médico u otra persona autorizada a emitir recetas deben cumplir una serie de requisitos antes de que usted pueda obtener el medicamento. Por ejemplo:

Si tiene preguntas, llame a CCA One Care al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. La llamada es gratuita. **Para obtener más información**, visite ccama.org.

- **Aprobación o autorización previa (PA):** para algunos medicamentos, usted, su médico u otra persona autorizada a emitir recetas deben conseguir la PA de CCA One Care antes de obtener su medicamento con receta. Es posible que CCA One Care no cubra el medicamento si no se obtiene la aprobación.
- **Límites de cantidad:** en ocasiones, CCA One Care limita la cantidad de un medicamento que puede obtener.
- **Terapia escalonada:** en ocasiones, CCA One Care requiere que usted realice una terapia escalonada. Esto significa que tendrá que probar medicamentos en un determinado orden para su afección médica. Es posible que deba probar un medicamento antes de que cubramos otro. Si su proveedor considera que el primer medicamento no le da ningún resultado, cubriremos el segundo.
- **Cobertura según las indicaciones:** si CCA One Care cubre un medicamento solo para algunas afecciones médicas, lo indicamos expresamente en la Lista de medicamentos junto con las afecciones médicas específicas que están cubiertas.

Para averiguar si su medicamento está sujeto a requisitos o límites adicionales, consulte las tablas que comienzan en la sección C1. Para obtener también más información, visite nuestro sitio web ccama.org. Hemos publicado documentos en línea en los que se explican nuestras restricciones de PA y terapia escalonada. También puede solicitar que le enviemos una copia.

Puede solicitar una excepción a estos límites. Esto le dará tiempo para consultar con su médico u otra persona autorizada a emitir recetas. Podrán ayudarlo a decidir si hay un medicamento similar en la Lista de medicamentos que pueda tomar en su lugar o si debe solicitar una excepción. Consulte las preguntas B10 a B12 para obtener más información sobre las excepciones.

B5. ¿Cómo sabré si el medicamento que deseo tiene límites o si debo tomar alguna medida para obtenerlo?

La tabla de medicamentos en la sección C1 tiene una columna titulada “Medidas necesarias, restricciones o límites de uso”.

B6. ¿Qué sucede si CCA One Care modifica sus normas sobre algunos medicamentos (por ejemplo, aprobación o autorización previa [PA], límites de cantidad o restricciones de terapia escalonada)?

En algunos casos, le informaremos con antelación si agregamos o modificamos la PA, los límites de cantidad o las restricciones de terapia escalonada en un medicamento. Consulte la pregunta B3 para obtener más información sobre este aviso anticipado y cuáles son las situaciones en las que es posible que no le podamos avisar con antelación cuando cambien nuestras normas respecto de los medicamentos en la *Lista de medicamentos*.

B7. ¿Cómo puedo buscar un medicamento en la Lista de medicamentos?

Hay dos formas de buscar un medicamento:

- Puede buscar por orden alfabético según el nombre del medicamento.
- Puede buscar por afección médica.

Para buscar **por orden alfabético**, busque su medicamento en la sección Índice de medicamentos cubiertos. Podrá encontrarlo en la sección D. Tanto los medicamentos de marca como los genéricos se incluyen en el Índice. Junto con el medicamento, verá el número de la sección en la que puede encontrar información sobre la cobertura. Vaya a la sección que se indica en el Índice y busque el nombre del medicamento en la primera columna de la lista.

Para buscar **por afección médica**, busque la sección titulada “Medicamentos agrupados por afección médica” en la sección C1. Los medicamentos en esta sección están agrupados en categorías según el tipo de afecciones médicas para cuyo tratamiento se usan. Por ejemplo, si tiene una afección cardíaca, debe buscar en la categoría Medicamentos cardiovasculares. En esta categoría encontrará medicamentos que tratan las afecciones cardíacas.

B8. ¿Qué sucede si el medicamento que deseo tomar no está en la Lista de medicamentos?

Si no encuentra su medicamento en la *Lista de medicamentos*, llame a Servicios para los Miembros al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana, y pregunte al respecto. Si le informan que CCA One Care no cubrirá el medicamento, puede hacer lo siguiente:

- Solicite a Servicios para los Miembros una lista de medicamentos como el que desea tomar. Luego, muéstrole la lista a su médico u otra persona autorizada a emitir recetas. Pueden recetarle un medicamento de la *Lista de medicamentos* que sea similar al que desea tomar. **O**
- Puede solicitarle al plan de salud que haga una excepción y cubra su medicamento. Consulte las preguntas B10 a B12 para obtener más información sobre las excepciones.

B9. ¿Qué sucede si soy un nuevo miembro de CCA One Care y no puedo encontrar mi medicamento en la Lista de medicamentos o tengo algún problema para obtener mi medicamento?

Podemos ayudarlo. Podemos cubrir un suministro temporal de 31 días de su medicamento durante los primeros 90 días como miembro de CCA One Care. Esto le dará tiempo para consultar con su médico u otra persona autorizada a emitir recetas. Podrán ayudarlo a decidir si hay un medicamento similar en la Lista de medicamentos que pueda tomar en su lugar o si debe solicitar una excepción.

Si su medicamento con receta está indicado para menos días, le permitiremos obtener varios resurtidos hasta llegar a un suministro para un máximo de 31 días del medicamento.

Si tiene preguntas, llame a CCA One Care al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. La llamada es gratuita. **Para obtener más información**, visite ccama.org.

Cubriremos un suministro de 31 días de su medicamento en los siguientes casos:

- Si toma un medicamento que no se encuentra en nuestra Lista de medicamentos.
- Si las normas del plan de salud no le permiten obtener la cantidad solicitada por la persona autorizada a emitir recetas.
- Si el medicamento requiere PA de CCA One Care.
- O bien, si toma un medicamento que forma parte de una restricción de terapia escalonada.

Si toma un medicamento que CCA One Care no considera que sea un medicamento de la Parte D, usted tiene derecho a obtener un único suministro para 72 horas del medicamento. Encontrará más información sobre cómo obtener un suministro temporal de un medicamento en el capítulo 5 de su *Manual del miembro*.

Si se encuentra en un hogar de convalecencia u otro centro de atención a largo plazo y necesita un medicamento que no está en la *Lista de medicamentos* o si no puede obtener con facilidad el medicamento que necesita, podemos ayudarlo. Si ha sido miembro del plan por más de 90 días, vive en un centro de atención a largo plazo y necesita un suministro de inmediato, haremos lo siguiente:

- Cubriremos un suministro de 31 días del medicamento que necesita (a menos que tenga una receta por menos días), independientemente de que sea o no un miembro nuevo de CCA One Care.
- Esto se suma al suministro temporal durante los primeros 90 días como miembro de CCA One Care.

Para los inscritos actuales con cambios en el nivel de atención, proporcionaremos un suministro de emergencia de 31 días como mínimo (a menos que su receta esté indicada para menos días) de todos los medicamentos que no se encuentran en el formulario, incluidos aquellos que pueden tener requisitos de autorización previa o terapia escalonada. Una transición no planificada en el nivel de atención podría ser cualquiera de los siguientes casos:

- el alta o la admisión en un centro de atención a largo plazo
- el alta o la admisión en un hospital, o
- un cambio en el nivel del centro de atención de enfermería especializada.

B10. ¿Puedo solicitar una excepción para que se cubra mi medicamento?

Sí. Puede solicitar a CCA One Care una excepción para cubrir un medicamento que no esté en la Lista de medicamentos.

También puede solicitarnos que cambiemos las normas para su medicamento.

- Por ejemplo, CCA One Care puede limitar la cantidad de un medicamento que cubriremos. Si su medicamento tiene un límite, puede solicitarnos que cambiemos dicho límite y cubramos más.
- Otros ejemplos: puede solicitarnos que omitamos las restricciones de terapia escalonada o los requisitos de PA.

B11. ¿Cómo puedo solicitar una excepción?

Para solicitar una excepción, llame a Servicios para los Miembros. Servicios para los Miembros trabajará con usted y su proveedor para ayudarlo a solicitar una excepción. También puede leer el capítulo 9 del *Manual del miembro* para obtener más información sobre las excepciones.

B12. ¿Cuánto tiempo lleva obtener una excepción?

Después de que recibamos una declaración de la persona autorizada a emitir recetas en la que se respalde su solicitud de excepción, le informaremos nuestra decisión dentro de las 72 horas.

Un miembro, la persona autorizada a emitir recetas de un miembro o el representante designado (con consentimiento por escrito) pueden solicitar la excepción completando el formulario Solicitud de determinación de cobertura de medicamentos con receta disponible en nuestro sitio web ccama.org. El formulario se puede enviar por correo o fax:

CVS Caremark Part D Appeals and Exceptions
PO Box 52000, MC109
Phoenix, AZ 85072-2000
Fax: 855-633-7673

Si usted o la persona autorizada a emitir recetas consideran que su salud podría verse perjudicada si debe esperar 72 horas para la decisión, puede solicitar una excepción acelerada. Esta es una decisión más rápida. Si la persona autorizada a emitir recetas respalda su solicitud, le notificaremos nuestra decisión dentro de las 24 horas después de haber recibido la declaración de respaldo de la persona autorizada a emitir recetas.

B13. ¿Qué son los medicamentos genéricos?

Los medicamentos genéricos están compuestos por los mismos ingredientes activos que los medicamentos de marca. Suelen ser más económicos que los medicamentos de marca y, por lo general, son igualmente eficaces. Generalmente, no tienen nombres muy conocidos. Los medicamentos genéricos están aprobados por la Food and Drug Administration (FDA). Hay medicamentos genéricos disponibles para muchos medicamentos de marca. Generalmente, en la farmacia se puede sustituir a los medicamentos de marca por los medicamentos genéricos sin necesidad de una nueva receta, dependiendo de las leyes estatales.

CCA One Care cubre tanto medicamentos de marca como medicamentos genéricos.

Si tiene preguntas, llame a CCA One Care al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. La llamada es gratuita. **Para obtener más información**, visite ccama.org.

B14. ¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

Cuando nos referimos a medicamentos, podría tratarse de un medicamento o de un producto biológico. Los productos biológicos son medicamentos más complejos que los medicamentos típicos. Dado que los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una forma genérica, tienen formas llamadas biosimilares. Por lo general, los biosimilares son tan eficaces como el producto biológico original y pueden ser más económicos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, dependiendo de las leyes estatales, pueden sustituir al producto biológico original en la farmacia sin necesidad de una nueva receta, al igual que los medicamentos genéricos pueden sustituir a los medicamentos de marca.

Para obtener más información sobre los tipos de medicamentos, consulte el capítulo 5 del *Manual del miembro*.

B15. ¿Qué son los medicamentos OTC?

OTC significa “de venta libre”. CCA One Care cubre algunos medicamentos OTC cuando los receta su proveedor.

Puede leer la Lista de medicamentos de CCA One Care para saber qué medicamentos OTC están cubiertos.

B16. ¿CCA One Care cubre productos OTC no farmacológicos?

CCA One Care cubre algunos productos OTC no farmacológicos cuando los receta su proveedor.

Entre algunos ejemplos de productos OTC no farmacológicos se incluyen los apósitos de gasas y los vendajes, los paños pequeños con alcohol y ciertas agujas/jeringas.

Puede leer la Lista de medicamentos de CCA One Care para saber qué productos OTC no farmacológicos están cubiertos.

B17. ¿CCA One Care cubre los suministros a largo plazo de los medicamentos con receta?

- **Programas de pedido por correo.** Ofrecemos un programa de pedido por correo que le permite recibir directamente en su hogar un suministro para un máximo de 90 días de sus medicamentos con receta. No hay copago para los medicamentos de pedido por correo.

Si tiene preguntas, llame a CCA One Care al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. La llamada es gratuita. **Para obtener más información**, visite ccama.org.

- **Programas de farmacias minoristas para suministros de 90 días.**
Algunas farmacias minoristas también pueden ofrecer un suministro para un máximo de 90 días de medicamentos con receta cubiertos. No hay copago para los medicamentos con receta en farmacias minoristas.

B18. ¿Puedo recibir en mi hogar medicamentos con receta de mi farmacia local?

Es posible que su farmacia local pueda enviarle su medicamento con receta a su hogar. Puede llamar a la farmacia para saber si ofrecen entrega a domicilio.

B19. ¿Cuál es mi copago?

Los miembros de CCA One Care no tienen copagos para medicamentos con receta ni OTC, siempre y cuando el miembro siga las normas del plan. Si tiene preguntas, llame a Servicios para los Miembros al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana.

B20. ¿Qué son los niveles de medicamentos?

Los niveles son grupos de medicamentos en nuestra Lista de medicamentos.

- Los medicamentos del Nivel 1 son medicamentos genéricos preferidos.
- Los medicamentos del Nivel 2 son medicamentos genéricos.
- Los medicamentos del Nivel 3 son medicamentos de marca/especialidad preferidos.
- Los medicamentos del Nivel 4 son medicamentos de marca no preferidos.
- Los medicamentos del Nivel 5 son medicamentos no cubiertos por Medicare/medicamentos OTC.

Los cinco niveles constan de medicamentos de la Parte D y medicamentos no cubiertos por Medicare o medicamentos OTC no cubiertos por Medicare.

Ningún nivel tiene copago. Como miembro de nuestro plan, usted no paga nada por todos los medicamentos cubiertos, independientemente del nivel en el que se encuentren.

C. Descripción general de la Lista de medicamentos cubiertos

En la siguiente lista de medicamentos cubiertos se brinda información sobre los medicamentos que cubre CCA One Care. Si tiene problemas para encontrar su medicamento en la lista, consulte el Índice de medicamentos cubiertos que comienza en la sección D. En el índice se detallan por orden alfabético todos los medicamentos cubiertos por CCA One Care.

Si tiene preguntas, llame a CCA One Care al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. La llamada es gratuita. **Para obtener más información**, visite ccama.org.

En la primera columna de la tabla se indica el nombre del medicamento.
Los medicamentos de marca se indican en letra mayúscula (p. ej., MYRBETRIQ) y los medicamentos genéricos se indican en letra minúscula y cursiva (p. ej., *cefalexina*).

La información en la columna “Medidas necesarias, restricciones o límites de uso” indica si CCA One Care tiene alguna norma para cubrir su medicamento.

Nota: El código DP junto a un medicamento significa que no es un “medicamento de la Parte D”. El monto que usted paga cuando obtiene este tipo de medicamento no cuenta para los costos totales de los medicamentos (es decir, el monto que usted paga no le ayuda a reunir los requisitos para tener una cobertura en caso de catástrofe).

- Además, si recibe Ayuda adicional para pagar sus medicamentos con receta, no recibirá ninguna Ayuda adicional para pagar estos medicamentos. Para obtener más información sobre la Ayuda adicional, consulte el cuadro destacado a continuación.

Ayuda adicional es un programa de Medicare que ayuda a las personas con ingresos y recursos limitados a reducir los costos de los medicamentos con receta de la Parte D de Medicare, como las primas, los deducibles y los copagos. También se le llama “Subsidio por bajos ingresos” o “LIS”.

- Estos medicamentos tienen diferentes normas de apelación. Una apelación es una manera formal de solicitarnos que revisemos una decisión que tomamos sobre su cobertura y que la cambiemos si cree que cometimos un error. Por ejemplo, podríamos decidir que un medicamento que usted desea no está cubierto o ya no está cubierto por Medicare o MassHealth.
- Si usted o la persona autorizada a emitir recetas no están de acuerdo con nuestra decisión, puede apelar.
- Si en algún momento tiene alguna pregunta, llame a Servicios para los Miembros al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. También puede leer el capítulo 9 del *Manual del miembro* para saber cómo apelar una decisión.

C1. Medicamentos agrupados por afección médica

Los medicamentos en esta sección están agrupados en categorías según el tipo de afecciones médicas para cuyo tratamiento se usan. Por ejemplo, si tiene una afección cardíaca, debe buscar en la categoría Medicamentos cardiovasculares. En esta categoría encontrará medicamentos que tratan las afecciones cardíacas.

Si tiene preguntas, llame a CCA One Care al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. La llamada es gratuita. **Para obtener más información**, visite ccama.org.

A continuación, se detallan los significados de los códigos que se utilizan en la columna “Medidas necesarias, restricciones o límites de uso”:

(g) = solo se cubre la versión genérica de este medicamento. La versión de marca no está cubierta.

M = la versión de marca de este medicamento pertenece al Nivel 3. La versión genérica pertenece al Nivel 1.

EA = cada uno.

GM = gramos.

ML = mililitros.

NDS = suministro de días no prolongado. Puede recibir un suministro para más de 1 mes de la mayoría de los medicamentos en su Formulario a través de farmacias minoristas o con la opción de pedidos por correo. Los medicamentos con la abreviatura “NDS” se limitan a un suministro de 1 mes tanto para las farmacias minoristas como para aquellas con la opción de pedidos por correo.

PA = aprobación previa (o autorización previa). Para algunos medicamentos, usted, su médico u otra persona autorizada a emitir recetas deben conseguir la aprobación de CCA One Care antes de obtener su medicamento con receta. Si no obtiene la aprobación, es posible que CCA One Care no cubra el medicamento.

B/D = restricción de autorización previa para la determinación de la Parte B frente a la Parte D. Este medicamento puede ser elegible para el pago según la Parte B o la Parte D de Medicare. Antes de surtir su receta de este medicamento, usted o su proveedor de atención médica deben conseguir la autorización previa de CCA One Care para determinar si dicho medicamento tiene cobertura de la parte D de Medicare. Sin la aprobación previa, es posible que CCA no cubra este medicamento. La autorización previa para la determinación de la Parte B frente a la Parte D (PA_BVD) no se aplica a miembros de Medicaid Only.

PA_NSO = restricción de autorización previa solo para nuevos usuarios. Si este medicamento es nuevo para usted, antes de surtir su receta de este medicamento, usted (o su proveedor de atención médica) debe conseguir la autorización previa de CCA One Care. Sin la aprobación previa, es posible que CCA One Care no cubra este medicamento. La autorización previa solo para nuevos usuarios (PA_NSO) no se aplica a miembros de Medicaid Only.

QL = límite de cantidad. En ocasiones, CCA One Care limita la cantidad de un medicamento que puede obtener.

ST = terapia escalonada. En ocasiones, CCA One Care requiere que usted realice una terapia escalonada. Esto significa que tendrá que probar medicamentos en un determinado orden para sus afecciones médicas. Es posible que deba probar un medicamento antes de que cubramos otro. Si su proveedor de atención médica considera que el primer medicamento no le da ningún resultado, cubriremos el segundo.

ST_NSO = terapia escalonada solo para nuevos usuarios. Si este es un medicamento nuevo para el miembro, primero deberá probar determinados medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa afección. La terapia escalonada solo para nuevos usuarios (ST_NSO) no se aplica a miembros de Medicaid Only.

VAC = vacuna. Vacunas de la Parte D de Medicare (usted paga \$0).

Si tiene preguntas, llame a CCA One Care al 866-610-2273 (TTY 711), de 8 am a 8 pm, los 7 días de la semana. La llamada es gratuita. **Para obtener más información,** visite ccama.org.
