B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the "Drug List" for short.)

The drugs on the *List of Covered Drugs* that starts in section C1 are the drugs covered by CCA Senior Care Options. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as "network pharmacies."

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by MassHealth. *Please visit the MassHealth website* www.mass.gov/druglist *for more information. You can also call the MassHealth Member Service Center at 800-841-2900 and TTY 711, Monday to Friday, 8 a.m. to 5 p.m. Please bring your Member ID when getting prescriptions through MassHealth*.

CCA Senior Care Options will cover all medically necessary drugs on the Drug List if:

- your doctor or other prescriber says you need them to get better or stay healthy,
- CCA Senior Care Options agrees that the drug is medically necessary for you, **and**
- you fill the prescription at a CCA Senior Care Options network pharmacy.

- In some cases, you have to do something before you can get a drug (refer to question B4 for more information).

You can also find an up-to-date list of drugs that we cover on our website at ccama.org or call Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week.

B2. Does the Drug List ever change?

Yes, and CCA Senior Care Options must follow Medicare and MassHealth (Medicaid) rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from CCA Senior Care Options before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).

- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check CCA Senior Care Option's up-to-date Drug List online at ccama.org. Updates to the Drug List are posted on the website monthly.
- You can also call Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week to check the current Drug List.

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- Substitutions of certain new versions of drugs. We may immediately remove the drugs from the Drug List if we replace them with certain new versions of that drug, but your cost for the new drug will remain $0. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
    - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
    - We can make these changes only if the drug we are adding:
        - is a new generic version of a brand name drug, or
        - is a certain new biosimilar version of original biological products on the Drug List (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
        - Some of these drug types may be new to you. For more information, refer to Section B14.

- You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.

- A drug is taken off the market. If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off the market, we may immediately take it off the Drug List. If you are taking the drug, we will send you a notice to replace the drug that is taken off the market, please contact your healthcare provider. Your provider will issue a prescription for a new medication to replace the drug that is taken off the market.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.

- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, or

- we remove an original biological product when adding a biosimilar, or

- we change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- tell you at least 30 days before we make the change to the Drug List **or**

- let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the Drug List you can take instead **or**

- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases, you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA):** For some drugs, you or your doctor or other prescriber must get authorization from CCA Senior Care Options before you fill your

prescription. Prior authorization is different from a referral. CCA Senior Care Options may not cover the drug if you don't get prior authorization.

- **Quantity limits:** Sometimes CCA Senior Care Options limits the amount of a drug you can get.
- **Step therapy:** Sometimes CCA Senior Care Options requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.
- **Indication-based coverage:** If CCA Senior Care Options covers a drug only for some medical conditions, we clearly identify it on the Drug List along with the specific medical conditions that are covered. Prior authorization is required for non-preferred diabetic testing supplies (glucose monitors and test strips).

You can find out if your drug has any additional requirements or limits by looking in the tables in section C1. You can also get more information by visiting our website at ccama.org We have posted online documents that explains our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the List of Drugs by Medical Condition has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if CCA Senior Care Options changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition or drug type.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it in section D. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the Drug List. Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs are listed in the index.

To search **by medical condition**, find section C1 labeled "List of Drugs by Medical Condition". The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in Cardiovascular agents. That is where you will find drugs that treat heart conditions

B8. What if the drug I want to take is not on the Drug List?

If you don't find your drug on the Drug List, call Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week and ask about it. If you learn that CCA Senior Care Options will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask CCA Senior Care Options to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new CCA Senior Care Options member and can't find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 31-day supply of your drug during the first 90 days you are a member of CCA Senior Care Options. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 31 days of medication.

We will cover a 31-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- our plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by CCA Senior Care Options, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are taking a drug that CCA Senior Care Options does not consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new CCA Senior Care Options member.
- This is in addition to the temporary supply during the first 90 days you are a member of CCA Senior Care Options

We will provide an emergency supply of at least 31 days (unless the prescription is written for fewer days) for all non-formulary medications including those that may have step therapy or prior authorization requirements for an unplanned level of care change. An unplanned level of care transition could be any of the following:

- a discharge or admission to a long-term care facility
- a discharge or admission to a hospital, or
- a nursing facility skilled level change.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask CCA Senior Care Options to make an exception to cover a drug that is not on the Drug List.
You can also ask us to change the rules on your drug.

- For example, CCA Senior Care Options may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 8 Section 7 of the **Evidence of Coverage** to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

A member, a member's prescriber, and/or appointed representative (with written consent) can request the exception by completing the Prescription Drug Coverage Determination Request form available on our website at ccama.org. The form may be submitted by mail or fax:

CVS Caremark Part D Appeals and Exceptions
PO Box 52000, MC109
Pheonix, AZ 85072-2000
Fax: 855-633-7673

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

CCA Senior Care Options covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to Chapter 5 of the Evidence of Coverage.

B15. What are OTC drugs?

OTC stands for "over-the-counter". CCA Senior Care Options covers some OTC drugs when they are written as prescriptions by your provider.

You can read the MassHealth (Medicaid) Drug List to find out what OTC drugs are covered.

B16. Does CCA Senior Care Options cover non-drug OTC products?

CCA Senior Care Options covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include gauze pads and dressings, alcohol swabs, and certain needles/syringes.

You can read the CCA Senior Care Options Drug List to find out what non-drug OTC products are covered.

B17. Does CCA Senior Care Options cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a *100-day* supply of your prescription drugs sent directly to your home. There is no copay for mail-order drugs.

- ***100*-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a *100*-day supply of covered prescription drugs. There is no copay for retail pharmacy prescriptions.

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B19. What is my copay?

CCA Senior Care Options members have no copays for prescription and OTC drugs and non-drug products as long as the member follows the plan's rules. Refer to questions B14 and B15 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our Drug List.

- Tier 1 Preferred Generic Drugs have a $0 copay.
- Tier 2 Generic Drugs have a $0 copay.
- Tier 3 Preferred Brand Drugs have a $0 copay.
- Tier 4 Non-Preferred Brand Drugs have a $0 copay.
- Tier 5 Specialty Tier Drugs have a $0 copay.
- OTCs have a $0 copay.

If you have questions, call Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week.

C. Overview of the *List of Covered Drugs*

The List of Covered Drugs gives you information about the drugs covered by CCA Senior Care Options. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on section D. The index alphabetically lists all drugs covered by CCA Senior Care Options.

C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular agents. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

(g) = Only the generic version of this drug is covered. The brand name version is not covered.

M = The brand name version of this drug is in Tier 3. The generic version is in Tier 1.

EA = Each

GM = Grams

ML = Milliliters

NDS = Non-Extended Day Supply. You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary via retail or mail order. Drugs noted with “NDS” are limited to a 1-month supply for both Retail and Mail Order.

PA = Prior approval (or prior authorization). For some drugs, you or your doctor or other prescriber must get approval from CCA Senior Care Options before you fill your prescription. If you don’t get approval, CCA Senior Care Options may not cover the drug.

B/D = Prior Authorization Restriction for Part B vs Part D Determination: This drug may be eligible for payment under Medicare Part B or Medicare Part D. You or your healthcare provider are required to get a prior authorization from CCA Senior Care Options to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, CCA may not cover this drug. PA_BVD does not apply to Medicaid Only members.

PA_NSO = Prior Authorization Restriction for New Starts Only. If this drug is new to you, you (or your healthcare provider) are required to get prior authorization for CCA Senior Care

Options before you fill your prescription for this drug. Without prior approval, CCA Senior Care Options may not cover this drug. PA_NSO does not apply to Medicaid Only members.

QL = Quantity Limit. Sometimes CCA Senior Care Options limits the amount of a drug you can get.

ST = Step Therapy. Sometimes CCA Senior Care Options requires you to do step therapy. This means you will have to try drugs in a certain order for your medical conditions. You might have to try one drug before we will cover another drug. If your healthcare provider thinks the first drug doesn't work for you, then we will cover the second.

ST_NSO = **Step Therapy for New Starts Only**. If this drug is new to the member, you are required to first try certain drugs to treat your medical condition before we will cover another drug for that condition. ST_NSO does not apply to Medicaid Only members.

VAC = Vaccine. Medicare Part D vaccines (You pay $0).

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *valsartan*) and brand name drugs are capitalized (for example, MYRBETRIQ), and OTC drugs and non-drug products are listed in uppercase (for example, INSULIN SAFETY NEEDLES).

The information in the "Necessary actions, restrictions, or limits on use" column tells you if CCA Senior Care Options has any rules for covering your drug.
