B. Providers

B1. Key terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical and behavioral health services, medical equipment, and LTSS.
 - Providers that are part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a licensed primary care physician, nurse practitioner, physician assistant, or a women's health specialist who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **prior authorization (PA)** for a specialist or someone that is not your PCP. A **prior authorization** is different than a referral. It means that **CCA One Care** (not your network PCP) must give you approval **before** we will cover a specific service, item, or drug or an out-of-network provider. If you don't get prior authorization, CCA One Care may not cover the service, item, or drug.
 - Referrals or PA are **not** needed for:
 - emergency care;
 - urgently needed care;

If you have questions, please call CCA One Care at 866.610.2273 (TTY 711), 8 am to 8 pm, 7 days a week. The call is free. **For more information**, visit ccama.org.

- kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan’s service area; **or**
- services from a women’s health specialist.
- Preventive services.
- Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan’s network.
- More information on referrals and PA is available in Chapter 3 of the *Member Handbook*.
- You will also be assigned a **Care Team**. Your **care team** is a group of people that will get to know your needs and work with you to help you create and carry out a care plan. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

Members of your Care Team may include:

- A **Care Coordinator** that helps you manage your medical providers and services. Your care partner works with you, the health plan, and your care team to make sure you get the care you need.
- Your **Primary Care Provider**
- A **Long-term Supports (LTS) Coordinator** to help you find and access support services available to you in the community. Both the Care Coordinator and LTS Coordinator can work as a part of your Care Team to make sure you get the care you need.

Your Care Team or Member Services will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you will get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;

If you have questions, please call CCA One Care at 866.610.2273 (TTY 711), 8 am to 8 pm, 7 days a week. The call is free. **For more information**, visit ccama.org.

- within 7 days for services that are not an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. Primary Care Provider (PCP)

You can choose any PCP in our network who is accepting new members.

First, you should choose a Primary Care Provider.

Our plan's PCPs are affiliated with medical groups. When you choose your PCP, you are also choosing the affiliated medical group. This means that your PCP will be referring you to specialists and services that are also affiliated with their medical group.

- If there is a particular specialist or hospital that you want to use, it is important to find out if they are affiliated with your PCP's medical group. You can look in this Directory, or ask CCA One Care Member Services to find out if the PCP you want makes referrals to that specialist or uses that hospital.
- If you don't stay within your PCP's medical group, CCA One Care may not cover the service.

To choose a PCP, refer to the list of providers in section C and choose a provider:

- That you use now, **or**
- Who has been recommended by someone you trust, **or**
- Whose offices are easy for you to get to.
- When you first enroll in CCA One Care, you can keep using your current PCP and your other providers for 90 days, or until you and your Care Team complete a comprehensive assessment of your needs and goals and develop your Individualized Care Plan (ICP). This is called the Continuity of Care (COC) period. After that, if you do not choose a PCP in our network, CCA One Care will choose one for you.
- If you want help in choosing a PCP, please call Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week. The call is free. Or, visit ccama.org.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services and ask **before** you get the service or care.

B4. Long-term services and supports (LTSS)

As a CCA One Care member, you will be able to get long-term services and supports (LTSS) if you need them, such as such as personal care, homemaking, companion, day programs, adult

If you have questions, please call CCA One Care at 866.610.2273 (TTY 711), 8 am to 8 pm, 7 days a week. The call is free. **For more information**, visit ccama.org.

foster care, and transportation, amongst others. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, an LTS Coordinator can help you and your Care Team determine what options are available to support you in the way you want. You always have the right to have an LTS Coordinator on your Care Team.

Everyone who enrolls in a One Care plan also has the right to have an independent Long-term Supports (LTS) Coordinator on their care team.

An LTS Coordinator will work with you as a member of your care team to find resources and services in your community that can support your wellness, independence, and recovery goals. These services are sometimes called long-term services and supports (LTSS). LTS Coordinators may also be able to help you access behavioral health resources and services.

LTS Coordinators do not work for One Care plans. They come from independent community organizations and are experts in areas like independent living, recovery, and aging. This means that they can work for you and help you advocate for your needs.

You can choose to have an LTS Coordinator work with you as a full member of your care team at any time. This is a free service for you.

The LTS coordinator can help assess your needs and provide recommendations for the long term services and supports that may be best for you. Such services might include, as examples, personal care attendants (PCA), cleaning services, day habilitation, adult day health, adult foster care and group adult foster care, peer support, non-medical transportation, and many other types of support.

Your LTS coordinator will also act as an advocate on your behalf when making requests to your Care Partner for service approval. Once services are approved, your LTS coordinator will work as a liaison between you, your providers, and care team to help coordinate and manage your Individualized Care Plan (ICP).

LTS coordinators work for community agencies such as Independent Living Centers (ILCs), Recovery Learning Centers (RLCs), and Aging Services Access Points (ASAPs). Once you enroll with CCA One Care, we will call you to schedule a time to meet and do a comprehensive assessment. As a part of that assessment, you will be offered a referral for an LTS coordinator. Should you accept the referral, we will arrange to have the LTS coordinator meet with you and help evaluate your long-term services and support needs.

B5. How to identify providers in CCA One Care's network

You must get all of your covered services from providers within our network. If you use providers who are not in the CCA One Care network (without PA or approval from us), you will have to pay the bill.

If you have questions, please call CCA One Care at 866.610.2273 (TTY 711), 8 am to 8 pm, 7 days a week. The call is free. **For more information**, visit ccama.org.

A **PA** is an approval from CCA One Care before you can get a specific service, drug, or out-of-network provider. CCA One Care may not cover the service or drug if you don't get approval.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if CCA One Care gives you permission first. Also, when you first enroll in CCA One Care, you can keep using your current providers for 90 days, or until you and your Care Team complete a comprehensive assessment of your needs and goals and develop your Individualized Care Plan (ICP). This is called the Continuity of Care (COC) period.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. You may change your PCP for any reason. Also, it's possible that your PCP might leave our plan's network. In that case, you would have to find a new PCP.
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Member Services if you are using a specialist or getting other covered services that require PCP approval. Member Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- CCA One Care works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide. If you need a provider and are not sure if they offer the accommodations you need, CCA One Care can help you. Talk to your Care Team for assistance.

B6. How to find CCA One Care providers in your area

You can find providers in your area by looking up your county, city, or town in the list of the type of providers you are looking for. You can find a provider by type by looking in the Table of Contents that is listed in the next section. You may also find a provider alphabetically by name by looking in the Index at the end of the directory. If you need assistance finding a provider, call Member Services at 866-610-2273 (TTY 711) 8 am to 8 pm, 7 days a week.

B7. List of network providers

This Directory of CCA One Care's network providers contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers;
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; **and**
- **Support providers** including long-term services and supports (LTSS) (e.g., adult day health) and community support services (e.g., peer supports).

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are also listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

E. List of network pharmacies

This part of the Directory provides a list of pharmacies in CCA One Care's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

CCA One Care is happy to help you find a network pharmacy that meets your needs. For instance, we can help you find pharmacies that:

- are accessible by public transit
- have pharmacists that speak your language
- offer specific accommodations

Please contact CCA One Care Member Services at 866-610-2273 8 am to 8 pm, 7 days a week or your Care Coordinator for assistance.

We also list pharmacies that are in our network but are outside **Bristol, Norfolk, and Plymouth Counties** in which you live. You may also fill your prescriptions at these pharmacies. Please contact CCA One Care at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week.

CCA One Care members must use network pharmacies to get prescription drugs except in emergency or urgent care situations.

- If you use an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service.
- Read the CCA One Care *Member Handbook* for more information.

This Directory may not list all network pharmacies. We may have added or removed some network pharmacies from our plan after we published this Directory.

For up-to-date information about CCA One Care network pharmacies in your area, please visit our website at ccama.org or call Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week. The call is free.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Member Handbook* and CCA One Care's *List of Covered Drugs*. For the most up-to-date *List of Covered Drugs*, please visit our website at ccama.org or call Member Services at 866-610-2273 (TTY 711) 8 am to 8 pm, 7 days a week.

E1. How to identify pharmacies in plan name's network

- Along with retail pharmacies, your plan's network of pharmacies includes:

If you have questions, please call CCA One Care at 866.610.2273 (TTY 711), 8 am to 8 pm, 7 days a week. The call is free. **For more information**, visit ccama.org.

- Mail-order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents on long-term care facilities, such as nursing homes.
- Specialty pharmacies fill prescriptions used to treat certain complex or chronic conditions that usually require close monitoring and special handling.

You are not required to continue using the same pharmacy to fill your prescriptions.

E2. Long-term supplies of prescriptions

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 100-day supply of your prescription drugs sent directly to your home.
- **100-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 100-day supply of covered prescription drugs.

If you have questions, please call CCA One Care at 866.610.2273 (TTY 711), 8 am to 8 pm, 7 days a week. The call is free. **For more information**, visit ccama.org.
