

List of Covered Drugs Changes: March 2024

CCA Medicare Value and CCA Medicare Preferred

Commonwealth Care Alliance (CCA) reviews and makes changes to the Formulary (List of Covered Drugs) during the year. We may add or remove drugs. Changes may include:

- Changing our rules or limits of a drug
- Removing the brand name drug and adding the new generic drug
- Removing a drug because the Food and Drug Administration (FDA) says a drug is not safe or the drug manufacturer takes it off the market

If we are making a negative change (removing a drug, increasing the cost-sharing, or adding restrictive rules), we will notify you at least 60 days before the change is effective.

If you have questions, please call CCA Member Services at 866-610-2273 (TTY 711), 8 am to 8 pm, 7 days a week. The List of Covered Drugs is available on our website:
