Section 1 – Introduction

This directory provides a list of CCA Medicare Maximum network providers.

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your healthcare services from your PCP.

CCA Medicare Maximum members are required to have a PCP from our network. The PCP that you select may be a licensed primary care physician, a nurse practitioner, a physician assistant, or a women's health specialist. During the enrollment process, we will work with you to select a PCP. Our plan contracts with PCPs who know your community and who have developed working relationships with specialists, hospitals, community-based providers, and skilled nursing facilities.

Your PCP and care team are responsible for coordinating all your medical care. "Coordinating" your services includes checking with you and your providers about your care and how it is going. Prior authorization (approval in advance) is required for certain services. Your care team arranges for these services when needed.

The network providers listed in this directory have agreed to provide you with your healthcare, vision, and dental services. You may go to any of our network providers listed in this directory. Other providers are available in our network. Referrals are not required.

You generally must receive your care from a network provider. In most cases, care you receive from an out-of-network provider will not be covered. Here are the exceptions:

- The plan covers emergency care or urgently needed care that you get from an out-ofnetwork provider. When in the service area, you must use network providers for urgent care. When out of the service area, urgent care may be obtained from the first available provider. For more information about this, and to see what emergency or urgently needed care means, see Chapter 3 of your Evidence of Coverage (EOC).
- If you need medical care that Medicare or Rhode Island Medicaid requires our plan to cover and the providers in our network cannot provide this care, you can get this care from an out-of-network provider. The plan must authorize care you receive from an out-of-network provider before you seek care. Your care team works closely with the plan to arrange for these services when necessary. In this situation, we will cover these authorized services at no cost to you.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area.
- The plan covers out-of-network care in unusual circumstances. You must receive authorization prior to seeking this care. In such a situation, we will cover these services at no cost to you. Some examples of unusual circumstances which may lead to out-of-network care are the following:

- You have a unique medical condition and the services are not available from network providers.
- Services are available in network but are not available timely as warranted by your medical condition.
- You need to obtain a second opinion from an out-of-network provider. Your PCP/care team will help you to arrange to receive a second opinion services from an out-of-network provider.
- Your PCP/care team determines that an out-of-network provider can best provide the service.

If you receive a bill from an out-of-network provider, please submit it to our plan to request payment. Please send the bill to: Commonwealth Care Alliance, Inc. Member Services Department, 30 Winter Street, Boston, MA 02108, or fax to 617-426-1311.

CCA Medicare Maximum (HMO D-SNP) 2024 Pharmacy Directory

This pharmacy directory was updated on **8/19/2024**. For more recent information or other questions, please contact us at 833-346-9222 (TTY 711), 8 am to 8 pm, 7 days a week, or visit <u>www.ccahealthri.org</u>.

Changes to our pharmacy network may occur during the benefit year. An updated Provider and Pharmacy Directory is located on our website at www.ccahealthri.org. You may also call Member Services at 833-346-9222 (TTY 711) for updated information.

Introduction

This booklet provides a list of CCA Medicare Maximum network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and the CCA Medicare Maximum formulary (List of Covered Drugs).

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under CCA Medicare Maximum only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of **August 19, 2024**. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for **Rhode Island** including the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our Plan. For information on more pharmacies in our plan network not listed in this directory, please call Member Services at 833-346-9222 (TTY 711).

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

Mail Order Pharmacies

You can get prescription drugs shipped to your home through our network mail order delivery program. We partner with Costco Mail Order Pharmacy (Costco Pharmacy) to provide this service. To use our preferred mail order pharmacy, call 800-607-6861 (TTY 711), 8:00 am to 10:00 pm Monday to Friday, and 12:30 pm to 5:00 pm Saturday. Or, visit pharmacy.costco.com.

CCA covers the cost of the mail order service. A form of payment may be required by Costco Pharmacy, but it will not be charged for this service.

For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, Costco Pharmacy will start to process your next refill automatically when our records show that you should be close to running out of your drug. Costco Pharmacy will contact you prior to shipping each refill to make sure you need more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact Costco Pharmacy 14-21 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact Costco Pharmacy by calling 1-800-607-6861. You can also opt out of automatic refills on their website pharmacy.costco.com by managing your 'Refill Prescription' status.

It is important that you respond each time you are contacted by Costco Pharmacy, to let them know what to do with the new prescription and to prevent any delays in shipping. If new prescriptions are not received from your healthcare provider, all in-network pharmacies must obtain your consent before shipping or delivering any prescriptions you do not personally initiate. To opt out of automatic deliveries of new prescriptions received directly from your healthcare provider, please contact Costco Pharmacy. You can also call Member Services for additional assistance.

Typically, you should expect to get your prescription drugs within 10-14 days from the time that the mail-order pharmacy gets the order. If you do not receive your prescription drug(s) within this time, please contact us at 833-346-9222 (TTY 711).
