

## Coverage Determination Request Form Vaccines (Medicare B vs D)

### Request Information (required)

This request is:

- Expedited\* (Urgent)** (decision within 24 hours)  
 **Standard (Non-Urgent)** (decision within 72 hours)

\*If the requestor or prescriber believe that waiting 72 hours for a standard decision could seriously harm the member's life, health, or ability to regain maximum function, an expedited (fast) decision can be requested. If the prescriber indicates that waiting 72 hours could seriously harm the member's health, a decision will automatically be made within 24 hours. If the prescriber's support for an expedited request is not obtained, the request will be reviewed to determine if a fast decision is required.

**Please Note:** All information below is required to process this request. Any information that is incomplete or illegible will delay the review process. If the request is asking for an EXCEPTION, the prescriber MUST provide a statement supporting the request and the request cannot be processed without one. Please submit all **FORMULARY EXCEPTION** requests on the standard **CMS COVERAGE DETERMINATION** form. Requests that are subject to Prior Authorization (or any other utilization management requirement), may require supporting information.
