NOTE: LTC setting is defined as NCPDP Pt Residence Code = 3; all other codes are considered "Home" setting for BvD

Part D Coverage Determination Criteria (required)

The following requirements need to be met before this drug can be covered by the Part D plan. These requirements have been approved by the Centers for Medicare and Medicaid Services (CMS), but you may ask us for an exception if you believe one or more of these requirements should be waived.

Which condition is the drug being used for?

- Treatment of pulmonary arterial hypertension (World Health Organization group 1) to improve exercise ability
 Other diagnosis: _____ ICD-10 Code (s): _____

Please Note: This drug is only covered under Medicare Part D when it is used for a medically accepted indication. A medically accepted indication is a use of the drug that is *either*:

- Approved by the Food and Drug Administration (FDA) – that is, that the FDA has approved the drug for the diagnosis or condition for which it is being prescribed.
- Supported by any of the following reference books – American Hospital Formulary Service Drug Information, the DRUGDEX Information System, and/or the USPDI or its successor.

This drug requires the following prior authorization criteria be met in order to be covered under the Part D plan:

Diagnosis of pulmonary arterial hypertension confirmed by right heart catheterization.

AND Prescribed by, or in consultation with, a Pulmonology or Cardiology Specialist.

Are there any other comments, diagnoses, symptoms, medications tried or failed, and/or any other pertinent information the physician feels is important to this review? Yes No

If yes, please explain: _____

Exception Requests (optional)

Do you believe one or more of the prior authorization requirements should be waived? Yes No

If yes, you must provide a statement explaining the medical reason why the exception should be approved.

Would this medication likely be the most effective option for this patient? Yes No

If yes, please explain why: _____

If the patient is currently using this medication, would changing the current regimen likely result in adverse effects for the patient? Yes No

If yes, please explain why: _____

Submission Information (required)

Prescriber Signature: _____ **Date:** _____
