Sequestration Payment Policy (New):

This policy outlines how CCA applies federal Medicare sequestration and similar state or federal payment reductions to provider payments within its Senior Care Options (SCO) and One Care plans.

Network Notification

CCA applies CMS-aligned sequestration reductions to Medicare claims. These payment reductions apply to all providers, regardless of network status or payment methodology, and providers are prohibited from balance billing members for these sequestration-related adjustments. The policy ensures transparency by clearly documenting reductions on the provider remittance advice and reserves the right to review claims for proper application and compliance. Additionally, CCA maintains the right to recover payments made inconsistent with this policy and may amend it as needed, emphasizing adherence to federal statutes and CMS guidelines governing sequestration.
