Submit a Claim from a Service Plan

It is easy to submit your claims online through the Provider Portal. Follow these simple steps:

1. Log on to the Provider Portal.
2. Select Providers, then Service Plans.
3. Scroll down to the bottom of the page and you will see all members who have authorized services with you.

5. Scroll down again and you will see their member information.
6. Choose the Service Plan Summary option.
7. Select View Summary and scroll down to see the detailed information to see the procedure code authorized and the service narrative.
8. To the right of that line, you will see an option to Submit Claim.
9. That will populate the member information, which will need to be reviewed. Once complete, click on Confirm Patient Selection.
10. You will then need to enter the date(s) of service, total units, and total cost. Once verified, click on the Green plus sign to submit.

NOTES:

- Enter all units and costs for one visit in one line. If you enter multiple lines for the same date of service, we will deny for duplicate.
- You can enter multiple dates of service on one claim. However, each claim can only have one procedure code.

Submit a Corrected Claim

Use the Claims > Online Claim Submission to enter the corrected claim. Enter the original claim number in the Document Control field and enter “7” in box 22 to indicate it is a replacement a previously submitted claim.

View Claim Status

After you have submitted a claim, you can check the status of any claim you have submitted in the last 24 months. We update our claim statuses daily. If there were issues receiving your claim for processing, you can also check the Rejected Claims page for additional information. If you locate your claim on the Rejected Claims page, you must make any corrections needed and resubmit it in order for it to be processed.

1. From the Claims menu, click Claim Information and Attachments.
2. Enter your search criteria to locate the claim using any of the available options, and then click Search. The search results and member information are displayed at the bottom of the page. You can enter multiple claim numbers, if needed, when searching by claim number.
3. When the claim appears in the Claim Summary section of the page, do one of the following to view more details:
 - Click View Details to view additional information, such as the process reason, adjustment reason, and remittance reason. While viewing the claim details, you can view the information in the List View or the Table View to review details for each line of your claim.
 - Click the Explanation of Payment (EOP) link to view the EOP that is available for the claim.

Submit Medical Records for Denied Claims

A Document Upload tab is available on the Claims Detail view when a claim is denied due to missing medical records. Use this option to upload documentation instead of submitting an appeal or corrected claim.

To upload documentation for a denied claim, do the following:

1. From the left-hand Claims menu, click Claim Information and Attachments. You can locate the claim in question by using one of the search criteria available on the page.
2. Click the View Detail link for the denied claim.
3. On the Document Upload tab, review the reason the claim was denied and then upload the appropriate documentation. The file size is limited to 100 MB. Batch and number files over 100 MB.
4. Complete the required fields (marked with a red asterisk).
5. Add Notes if needed.
6. Click Submit Documents.

NOTES:

- Please submit records that directly correspond and support the biller services that were denied. Submitting an entire medical record versus documents related to a specific stay/visit could delay the processing turnaround time.

- The documents that are uploaded will be available on the Attached Documents tab approximately a half hour after they are uploaded.

2. Do one of the following to upload documentation:
 - If you have the claim number, search for the claim. After locating the claim, click View Detail, and then upload the documentation using the Document Upload tab.

3. Enter your contact information before submitting your attachments.

NOTES:

- Attachment size is limited to 100 MB.
- If you are submitting documentation for a claim and do not indicate the specific claim number for which the documentation applies, the documentation will apply only to claims received after the receipt date of the consent form or hospital medical records. For example, documents uploaded on December 1, 2025, will systematically apply to claims received by Commonwealth Care Alliance® (CCA) on or after December 1, 2025. It will not apply to claims received prior to December 1, 2025.
