Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which drugs and non-drug products are covered by CCA One Care. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by CCA One Care. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

A. Disclaimers

This is a list of drugs that members can get in *CCA One Care*.

- ❖ CCA One Care (HMO D-SNP) is a Dual Special Needs Plan (D-SNP) that contracts with both Medicare and MassHealth (Medicaid) to provide benefits of both programs to enrollees. Enrollment in the plan depends on the plan's contract renewal with Medicare.
- ❖ When this document says "we," "us," or "our," it means Commonwealth Care Alliance, Inc. When it says "plan" or "our plan," it means CCA One Care.
- ❖ In the Commonwealth of Massachusetts, Commonwealth Care Alliance, Inc. does business as Commonwealth Care Alliance Massachusetts (CCA).
- ❖ **Estate Recovery Awareness:** MassHealth (Medicaid) is required by federal law to recover money from the estates of certain MassHealth (Medicaid) members who are age 55 years or older, and who are any age and are receiving long-term care in a nursing home or other medical institution. For more information about MassHealth (Medicaid) estate recovery, please visit www.mass.gov/estater recovery.
- ❖ The List of Covered Drugs may change at any time. You will receive notice when necessary.
- ❖ Benefits may change on January 1 of each year.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs (Drug List)*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the *Drug List* for short.)

The drugs on the *Drug List* that starts in **Section C** are the drugs covered by CCA One Care. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- CCA One Care will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - CCA One Care agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a CCA One Care network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at **CommonwealthCareAlliance.org/MA** or call Member Services at the numbers in the footer of this document.

B2. Does the *Drug List* ever change?

Yes, and CCA One Care must follow Medicare and MassHealth (Medicaid) rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from CCA One Care before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we'll cover another drug.)

For more information on these drug rules, refer to question B4.

If you're taking a drug that was covered at the **beginning** of the year, we'll generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug isn't safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check CCA One Care's up-to-date *Drug List* online at **CommonwealthCareAlliance.org/MA**. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at the numbers in the footer of this document to check the current *Drug List*.

B3. What happens when there's a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will stay the same. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we're adding:
 - is a new generic version of a brand name drug, or

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

- is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
- Some of these drug types may be new to you. For more information, refer to **Section B14**.
- You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **Remove unsafe drugs and other drugs that are taken off the market.**
Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change. Your provider will issue a prescription for a new medication to replace the drug that is taken off the market.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that isn't new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there's a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from CCA One Care based on specific criteria before you fill your prescription. Prior authorization is different from a referral. CCA One Care may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes CCA One Care limits the amount of a drug you can get.
- **Step therapy:** Sometimes CCA One Care requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll cover another drug. If your prescriber thinks the first drug doesn't work for you, then we'll cover the second.
- **Indication-based coverage:** If CCA One Care covers a drug only for some medical conditions, we clearly identify it on the *Drug List* along with the specific medical conditions that are covered.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C**. You can also get more information by visiting our website at **CommonwealthCareAlliance.org/MA**. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled, "List of Drugs by Medical Condition" has a column labeled "Necessary actions, restrictions, or limits on use."

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

B6. What happens if CCA One Care changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it in **Section D**. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List*. Brand name drugs and generic drugs are listed in the index.

To search by medical condition, find **Section C** labeled "List of Drugs by Medical Condition". The drugs in this section are grouped into categories depending on the type of medical conditions they're used to treat. For example, if you have a heart condition, you should look in the Cardiovascular Agents category. That's where you'll find drugs that treat heart conditions.

B8. What if the drug I want to take isn't on the *Drug List*?

If you don't find your drug on the *Drug List*, call Member Services at the numbers in the footer of this document and ask about it. If you learn that CCA One Care won't cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that's like the one you want to take. **Or**
- Ask CCA One Care to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I'm a new CCA One Care member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 31-day supply of your drug during the first 90 days you're a member of CCA One Care. This will give you time to talk to your doctor or other

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we'll allow multiple refills to provide up to a maximum of 31 days of medication.

We'll cover a 31-day supply of your drug if:

- you're taking a drug that isn't on our *Drug List*, **or**
- our plan rules don't let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by CCA One Care, **or**
- you're taking a drug that's part of a step therapy restriction.

If you're taking a covered drug that CCA One Care doesn't consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug. If the pharmacy isn't able to bill CCA One Care for this one-time supply, MassHealth (Medicaid) will pay for it.

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you're a new CCA One Care member.
- This is in addition to the temporary supply during the first 90 days you're a member of CCA One Care.

For current enrollees with level-of-care changes, we will provide an emergency supply of at least 31 days (unless the prescription is written for fewer days) for all non-formulary medications including those that may have step therapy or prior authorization requirements. An unplanned level of care transition could be any of the following:

- a discharge or admission to a long-term care facility
- a discharge or admission to a hospital, or
- a nursing facility skilled level change

B10. Can I ask for an exception to cover my drug?

Yes. You can ask CCA One Care to make an exception to cover a drug that isn't on the *Drug List*.

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

You can also ask us to change the rules on your drug.

- For example, CCA One Care may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call *Member Services*. A Member Services representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9 Section G** of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours.

A member, a member's prescriber, and/or appointed representative (with written consent) can request the exception by completing the Prescription Drug Coverage Determination Request form available on our website at **CommonwealthCareAlliance.org/MA**. The form may be submitted by mail or fax:

CVS Caremark Part D Appeals and Exceptions
PO Box 52000, MC109
Phoenix, AZ 85072-2000
Fax: 855-633-7673

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we'll give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

CCA One Care covers both brand name drugs and generic drugs.

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

B15. What are OTC drugs?

OTC stands for “over-the-counter”. CCA One Care covers some OTC drugs when they’re written as prescriptions by your provider.

You can read the CCA One Care *Drug List* to find out what OTC drugs are covered.

B16. Does CCA One Care cover non-drug OTC products?

CCA One Care covers some non-drug OTC products when they are written as prescriptions by your provider. Examples of non-drug OTC products include gauze pads and dressings, alcohol swabs, and certain needles/syringes.

You can read the CCA One Care *Drug List* to find out what non-drug OTC products are covered.

B17. Does CCA One Care cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 102-day supply of your drugs sent directly to your home. There is no copay for mail order drugs. Specialty drugs are limited up to a 31-day supply.
- **102-day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 102-day supply of covered drugs. There is no copay for retail pharmacy prescriptions. Specialty drugs are limited up to a 31-day supply.

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

B19. What's my copay?

CCA One Care members have no copays for prescription and OTC drugs as long as the member follows the plan's rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

Every drug in the plan's Drug List is on tier 1. You have no copays for prescription and OTC drugs on CCA One Care's Drug List. To find your drugs, you can look in the Drug List.

Tier 1 consists of both part D drugs and non-Medicare covered drugs, and/or non-Medicare covered OTC drugs.

If you have questions, call Member Services at the numbers in the footer of this document.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by CCA One Care. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by CCA One Care.

Note: The asterisk (*) next to a drug means the drug isn't a "Part D drug." These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want isn't covered or is no longer covered by Medicare or MassHealth (Medicaid).
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Member Services at the numbers in the footer of this document.
- You can also read **Chapter 9** of the *Member Handbook* to learn how to appeal a decision.

C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they're used to treat. For example, if you have a heart condition, you should look in the category, cardiovascular agents. That's where you'll find drugs that treat heart conditions.

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

PA = Prior authorization: you must have authorization from the plan before you can get this drug.

ST = Step therapy: you must try another drug before you can get this one.

QL= Quantity limit. Sometimes CCA One Care limits the amount of a drug you can get.

NDS = Non-Extended Day Supply. You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary via retail or mail order. Drugs noted with “NDS” are limited to a 1-month supply for both Retail and Mail Order.

B/D = This drug may be eligible for payment under Medicare Part B or Medicare Part D. You or your healthcare provider are required to get a prior authorization from CCA One Care to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, CCA may not cover this drug. PA_BVD does not apply to Medicaid Only members.

Asterisk (*) = Denotes non- Part D drugs

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *valsartan*), brand name drugs are capitalized (for example, MYRBETRIQ). The information in the “Necessary actions, restrictions, or limits on use” column tells you if CCA One Care has any rules for covering your drug.

If you have questions, please call CCA One Care at 1-866-610-2273 (TTY: 711) Monday through Friday, 8 a.m. to 8 p.m., Eastern Time (ET), and from October 1 to March 31, the same hours, seven days a week. The call is free. **For more information**, visit **CommonwealthCareAlliance.org/MA**.
